Both speakers made attractive addresses, and were listened to with great interest by the audience. They were introduced to the audience by Miss Vivian Conway. LOCKED IN CAR FOR 14 DAYS.

Charlotte, N. C., March 7.—Imprisoned fourteen days, without food or water, in a freight car in which he had endeavored to beat his way from Cincinnati to Charlotte, George Johnson was found in a semi-conscious condition, frozen stiff, when the car arrived here to-day. When taken to the hospital blood oozed from every pore in his body. His condition has excited the interest of medical experts, and every effort is being made to revive the flickering spark of life. Johnson, who is a native of the village of Mount Holly, near here, left home several years ago to seek a home in the West. Failing in everything he undertook, he decided to make his way back home. He carried with him a car of loose corn, consigned to Charlotte. The car was locked and sealed, and his presence was not discovered until the car was opened here fourteen days after it was pulled out of Cincinnati.

Climate Failed—Medicine Cured

It has been absolutely shown that rest, fresh air, and good food do help many persons suffering from tuberculosis. But, to be really honest, it must be admitted that the disease is seldom more than "arrested" something more is needed. Eckman's Alternative is a medicine made for the cure of tuberculosis. It has cured this disease again and again. Often these cures have been effected where the surroundings were not ideal, where no intelligent care was taken of the patient, where money was wasted, good food and good clothing unused, and cures resulted. Now we argue and urge that Eckman's Alternative should be used in every case of tuberculosis, in addition to good, nourishing food and fresh air, which we all need. The facts—the evidence of cases that have been made—are interesting reading. A remarkable case follows. Walden, Ill. "Gentlemen: Through Eckman's Alternative I have been saved from a premature grave, and, feeling that I might benefit suffering humanity, I take pleasure in writing you a brief history of my sickness, which you are at liberty to use. "On December 14, 1904, I was taken with typhoid pneumonia. My lungs became very much affected, my appetite was lost, and my right lung became diseased. On February 21st, 1905, was advised to go to Fort Worth, Texas. While there an abscess in my right lung broke and discharged. I grew worse, and became very much emaciated. My physician informed me that I must go to Colorado as quickly as possible. I left Fort Worth on the 1st of March, 1905, and arrived in Colorado on the 10th. After being there two weeks, my physician informed me that the climate was doing me no good, and never let me rest. I would be glad if every person afflicted with tuberculosis took Eckman's Alternative. (Signed) ARTHUR WEBB. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Trouble, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. For sale by Owens & Minor Drug Company, and other leading druggists. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.

MRS. GRACE'S FREEDOM CUT SHORT BY ARREST

MRS. DAISY OPIE GRACE. Accused of Shooting Her Husband, She Is Committed to Jail Without Bail.

Atlanta, Ga., March 7.—Mrs. Daisy Opie Grace, accused of shooting her husband, Eugene H. Grace, who was at liberty on a \$1,500 bond, was arrested late this afternoon and confined in the county jail without bail. The action was taken on order of Solicitor-General Dorsey, after members of Grace's family had objected to her continued freedom. Mrs. Grace declined the use of a carriage and marched through the streets from the hotel where she was stopping to the jail, accompanied by officers and newspaper men.

Another interesting development was added to the case late to-day when a possession warrant was sworn out by Mr. Grace against his wife, demanding the possession of three insurance policies upon Grace's life, totaling \$27,000. The warrant was served on Mrs. Grace after she was confined in the county jail.

That members of Grace's family have practically deserted his bride was evidenced to-day when the family refused to look after their interests.

"The attitude of the family has been misrepresented heretofore," stated Mr. Hill. "Members of Mr. Grace's family are not of the firm opinion that Grace is innocent. They simply desire to see justice done."

It also was denied that Mrs. Grace has been staying with her mother-in-law since Tuesday night, and friends of the family state that the two women have not met since Mrs. Grace was placed in the care of the police matron Tuesday night.

After being rearrested this afternoon Mrs. Grace reiterated her protestations of innocence. She declared her only desire was to be near her husband until he recovers and to learn the identity of his assailant. Grace's condition took a turn for the better to-day. It has not been determined whether the pistol bullet severed the spinal column, but attending physicians to-night were more hopeful for his recovery.
